 Runs on Ikon Mind

Discover schools

Aino is there to help you find the best school in Finland to apply to. Simply ask what kind of schools you are looking for. Try this: "Show me schools that have an ice-skating rink" or "Show me schools that offer free accommodation". You can add schools to your list of favorites and your shortlist (the list of schools your application will be sent to). To view full information about the school just click the school card shown in the chat.

Submit and track your school application

Aino will help you submit your school application. You can upload the required application documents, create a shortlist with your top school picks and arrange in priority order. Then simply ask to submit your application! Your application will be sent to your selected schools in the order you defined. You'll be notified whenever school views or updates your application. We'll also let you know once you get accepted.

Getting started

1. Receive an invitation

An invitation that contains a unique login link will be sent to your email. Make sure **to click the invitation link**. The invitation is valid for 1 week.

2. Log in to the Finest Future Learning Portal

Once you click the invitation link, enter your email address and click "Log in" on the login screen. You will receive a one-time login link to your email. Click the link in the email to log in. Wherever you need log in in the future, go to the [login page](#), enter your email and wait for the login link to arrive to your inbox.

Hey Niia, nice to meet you! I hope you're doing well today. I'm Aino AI, your lively virtual assistant from Finland 🇫🇮! I'm here to help you choose the best high school or vocational school in Finland to apply to. Whether you're looking for schools in specific towns, schools with sports teams, or any other criteria, feel free to ask away!

You can update your profile information, add or remove schools from your shortlist, upload necessary documents, and submit your school applications through me. So, what's on your mind? How can I assist you today in finding the perfect school for you?

Hi hi! I'd like to find schools that have a swimming pool nearby 🏊

I found some schools in Finland that have swimming pools nearby:

1. **Kristinestads gymnasium** in Kristinestad has a sports area and a public swimming pool located 500 meters from the school. The sports area includes athletics areas, tennis courts, football fields, and a sports hall for various activities. Additionally, there are two beautiful parks just 300 meters away from the school .
2. **Kokemäen lukio** in Kokemäki is situated very close to a swimming hall, a gym, an indoor gym, a skate park, and a football pitch, all within walking distance from the school. The school provides laptop computers and offers small group teaching to support student learning .
3. **Sysmä Lukio** in Sysmä has an indoor swimming pool with a modern gym, a sports hall called Päijänne Areena, and an artificial ice rink on the school campus. These facilities offer a range of sports activities for students to enjoy .

2. **Rautalampi High School** in Rautalampi is known for combining riding and high school studies. They offer optional courses in riding, horsemanship theory, and theatre. The school provides various support services for students, including a special education teacher, study counselor, and tutor students. The school is located in the middle of beautiful nature and offers a friendly environment for motivated students ready to speak Finnish .
3. **Siikajoen High School** in Ruukki provides a comprehensive program that includes horseback riding studies conducted at the Ruukki Nature and Horse Center. Students learn various aspects of horsemanship, including riding, horse care, feeding, veterinary care, harness racing, and horseshoeing. The school aims to prepare students for the matriculation examination and higher education while providing options for activities like horseback riding and hiking trips to the northern wilderness .

These schools offer unique opportunities for students interested in horseback riding programs. If you need more information about any specific school or have any other questions, feel free to ask!

Description

Kuhmoinen Upper Secondary School is a small school of about 40 students, half of whom usually come from elsewhere. The beginning of the year orientation is an important part in creating a friendly environment and strong team spirit. There are also student mentors assigned to each international student in order to further facilitate their integration into our school. During the year, the students themselves organize school-wide events and after-school activities. The teacher coordinators provide additional support and ensure that no one is left outside the group. We also encourage students to create their own get-togethers and events.

The municipality of Kuhmoinen is located in the Pirkanmaa region in Central Finland.

In the Finnish school system, each student is monitored throughout their school career by their classroom teacher, special education teacher, and subject teachers. If the need arises, the teachers provide additional help such as extra classes after school for revision and in-class support such as

Support

We are excited to welcome you to Aino!

You are among the very first users who get to experience the school application process powered by Artificial Intelligence.

Aino will continue improving to make your journey with Finest Future both exciting and seamless ❤️

That said, some things might not always work correctly. Some issues we're working to address:

1

Sometimes schools are not found

Steps to recover: Try asking more explicitly, using both Finnish and English names of the school:

"Tell me more about Teuva High School (Teuvan Lukio)"

"Show details of Kiteen Lukio (Kitee High School)"
